## Who are IVS Group?

“IVS Group is a company with a passion for live entertainment and events.

Since our conception in 1997 we have continually strived to improve the quality of our services and to add additional skills to our repertoire, offering a complete 360° solution to all your merchandising requirements.

Throughout 22 years of successful business we have worked with some of the biggest names in family entertainment, sports, rock and pop plus some of Britain’s leading prestigious events.

We invite you to browse a selection of our favourite products and look forward to working with your brand and tailoring a merchandise solution to suit your needs”

*Namita Kapoor*  
CEO

# How does it work?

## Production

The UK and China based team work closely together to provide an extensive sourcing program for local and overseas manufacturing processes. We are always on the look out for fresh innovative ideas to add to our portfolio, searching near and far in order to offer each client something unique for their merchandise requirements.

We have negotiated good terms and rates with local suppliers and international factories to ensure we can produce on budget with low minimum order quantities and on time.

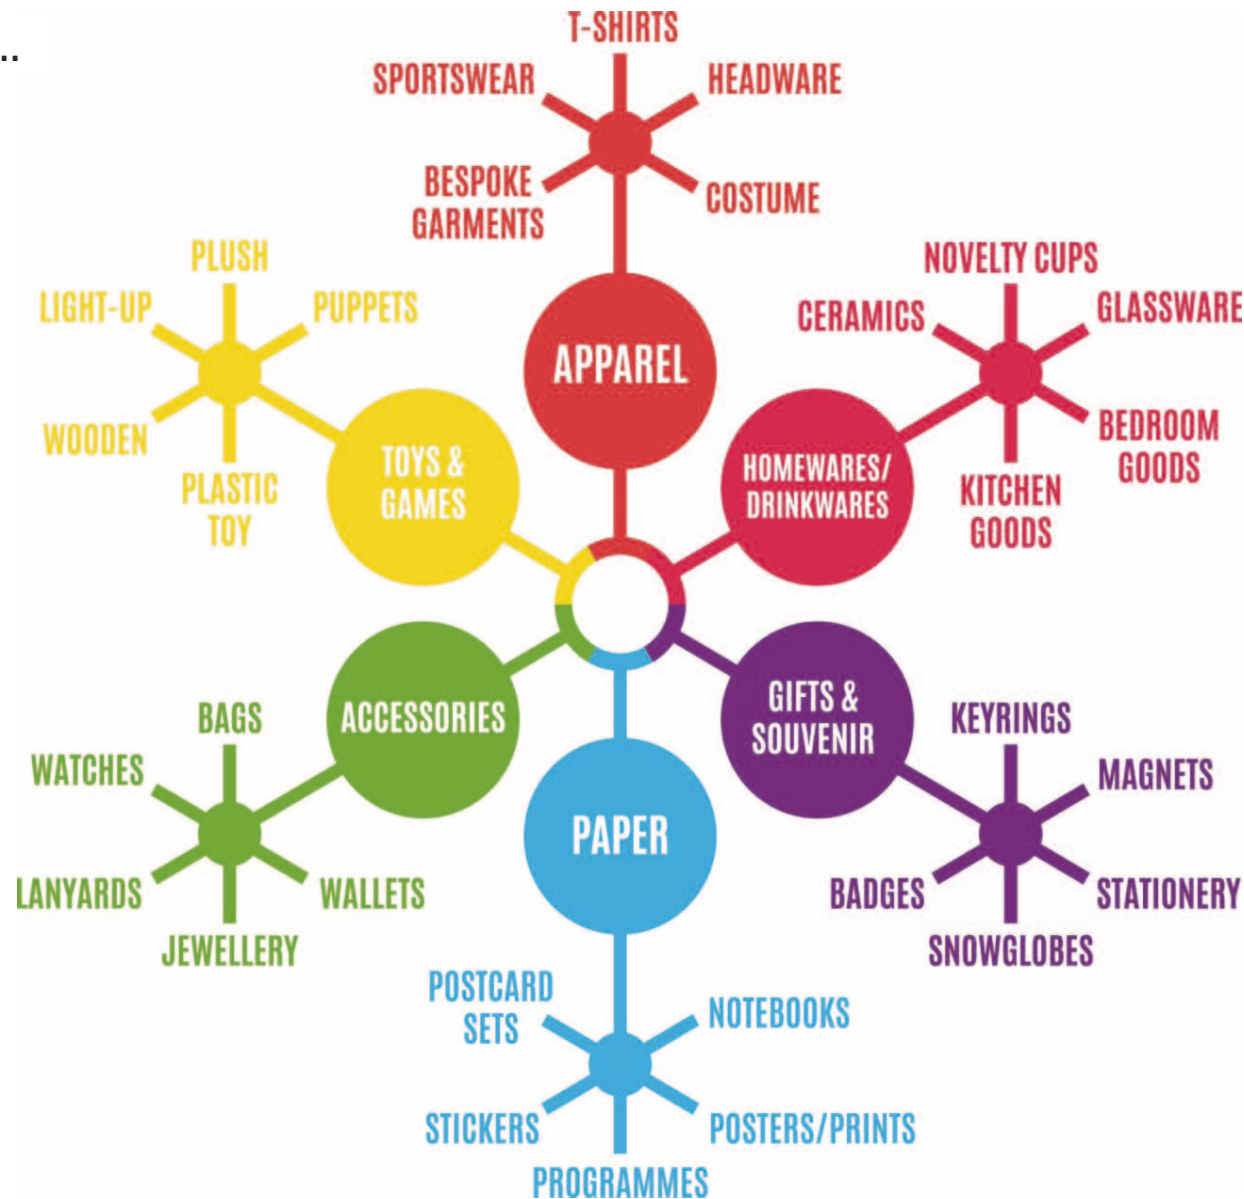

IVS only work with ethically sourced factories holding audits such as SMETA, ICTI, BSCI and Disney to ensure all regional safety standards are adhered to. This also provides our clients with the reinsurance that we actively audit/monitor our manufacturing locations to make sure employment is freely chosen, no child labour is used, safe and hygienic employee work conditions, working hours are not excessive and no inhumane treatment of employees.

Our newly established China office (Metro Trade) are on the ground working daily to provide the following services to the production process:

- Sourcing
- Manufacturing site visits
- Factory audits
- Overseeing the sampling process
- Manufacturing process inspections
- Quality checking
- Competitive shipping pricing from local agents

# Light toys

A collection of various light-up toys. On the left, there are several pens: one with a cat face, one with a yellow smiley face, and two red pens shaped like Lightning McQueen and Mater from Disney Pixar's Cars. In the center, there's a pink wand with a star-shaped light at the top. To the right, there's a blue pen shaped like a dragon, a small white candle, and two circular light-up pendants (one red, one blue). At the top right, there's a keychain with a dinosaur and a small red keychain with a star. The background is dark with some light effects.
